Business Policy Statements

Health and Safety Policy

SCV Electrical Ltd – Health and Safety Policy

SCV is fully committed to the objective of accident prevention by providing safe workplaces for all employees, sub-contractors and other persons who may be affected by its activities. It is also mindful of the need to avoid damage to property and equipment and to protect the environment.

The company is committed to complying with all relevant health and safety legislation as a minimum, and to continually improve health and safety performance through appropriate initiatives, controls, provision of resources and training of employees.

Management objectives and targets are established and reviewed on a regular basis to implement the health and safety policy.

These include:

- Setting annual targets towards zero accident rate.
- Identifying and assessing hazards and applying the necessary control measures in a consistent manner at all times.
- Ensuring employees receive appropriate training so that they are able to carry out their duties in a safe and efficient way.
- Providing suitable supervision along with necessary instruction and information.
- Arranging for comprehensive and effective consultation between the director and the employees regarding all matters concerning health and safety at work.
- Monitoring and reviewing health and safety activities on a regular basis and implementing any necessary improvements.

The company recognises the requirement for all employees and sub-contractors to be fully committed to the application and provision of this policy. Full support will be given continuously to all personnel so that a positive attitude to health and safety matters will be maintained.

Signed

Dave Gilbert

Director
